PROFILE

Full-stack developer with over 3 year of experience, specializing in WordPress development. Skilled in front-end and back-end technologies, creating responsive, user-friendly websites and web applications. Passionate about clean code, performance optimization, and delivering client-focused solutions. Proven ability to manage full project lifecycles and adapt to dynamic environments.

WORK EXPERIENCE

frixB (Pvt) Ltd.

2025 DEC- PRESENT

Full-Stack Developer

Develop and maintain scalable web applications using modern front-end and back-end technologies. Design and implement responsive user interfaces, RESTful APIs, database solutions, and system integrations. Collaborate with cross-functional teams to deliver high-quality software, optimize application performance, troubleshoot technical issues, and ensure secure, reliable, and efficient digital solutions.

Media Horizon

2024 DEC- 2025 DEC

Full-Stack Developer

At Media Horizon, I worked as a Full Stack Developer with a focus on advanced WordPress development. I customize themes, build custom plugins, and optimize website performance. My role includes front-end and back-end development, API integrations, and bug fixing.

Ceylon Ventures

2024 JUNE - 2024 DECEMBER

Associate Software engineer

As an Associate Software Engineer at Ceylon Ventures Futuristic Solutions, I primarily focused on WordPress web development, including customizing themes and developing custom plugins to meet specific client requirements.

E-Support Technologies

2024 JAN - 2024 JUNE

Intern Software engineer

During my internship at eSupport Technologies, I was involved in a range of development tasks including mobile application development and web development.
